

Dr. Shanti Nemani

Dr. Shanti Nemani attended Medical School in India and completed four years of residency in General Internal Medicine in 1989. Upon completion of residency he worked as an Internist at a large private hospital in Ahmedabad, India for the next nine years gaining valuable experience in the management of medical emergencies and “in” patients.

From 1998 to 2006 Dr. Nemani practiced as Medical Officer for Mannai Corporation, a large multi-national Corporation, in the Middle-east.

In 2006 Dr. Nemani moved to Calgary, Alberta where he worked in the Calgary Clinical Assistants Program as a bedside physician under an educational licence.

In the year 2007 Dr. Nemani commenced his Residency in Internal Medicine with the University of Ottawa which he has now completed.

He has clinical interest in Cardiology and Respiriology with emphasis on COPD and Asthma and is set to begin practice as an Internist at the Renfrew Victoria Hospital in October 2011.

Outside of the office, Dr. Nemani enjoys spending time with his family – wife Anantha, a travel consultant and his daughters Divya and Shreya.
